Call to Order & Business Section

Chairman Beverly Moberg called the Santee-Lynches Workforce Investment Board's Youth Council meeting to order at 5:05 PM.

Brenda Golden briefed the Youth Council on the progress with

selecting a youth provider, announcing that presentations would be conducted with two firms on December 13, 2010. She also briefed the Council on a request from the RTA to increase its budget for youth transportation by \$30,000 from \$25,000. As background, only \$25,000 was budgeted due to Paxen having only six months of the program year. As of the end of November 2010, there was just \$1,200 remaining for services so an estimated \$30,000 will be needed through June 2011. Troy Santoscoy moved to recommend that the RTA contract be increased by \$30,000 to \$55,000 for PY10, seconded by John Tindal.

Consultant John Metcalf reviewed strategic planning process and the goals created at the December 1, 2010, meeting. These goals were used as starting points and the Youth Council broke into small groups again to brainstorm strategies. After each group presented strategies and the group offered input, the consultant indicated that he would be ready to present the completed plan to the Youth Council at its meeting on Jan. 4, 2011.

With no further business, the meeting adjourned at 7:00 pm.
